

John M.A. Donelson
*Vice President,
Marketing & Sales*

John M.A. Donelson is vice president, marketing and sales, for USEC Inc. He is responsible for the Company's revenue generation from the sale of enriched and natural uranium, for managing relationships with customers and for power procurement in support of enrichment operations. He reports to Robert Van Namen, senior vice president, uranium enrichment.

Mr. Donelson joined USEC in 1995 in the advanced technology department. He later became a senior sales executive and most recently served as director, North American and European sales. Prior to joining USEC, he held positions of increasing responsibility at Newport News Shipbuilding and Duke Energy.

Mr. Donelson holds a bachelor of science degree in physics from Hampden-Sydney College, a master's degree in nuclear engineering from the University of Virginia, and a master of business administration degree from Queens University. He is a registered professional engineer in the state of North Carolina. In 2003, Donelson received USEC's highest honor, the Chairman's Award, for outstanding performance.

USEC Inc. (NYSE: USU), a global energy company, is a leading supplier of enriched uranium fuel for commercial nuclear power plants.
